hi cathy -- by the way, would you like me to put your name on my list for receiving all EPA news releases that concern congressman rothman's district?

thanks,
cs

Chris-

Thanks so much for passing this along and please do keep in touch with any further information or other announcements.

Thank you,
Cathy

hello all -- as you probably know, construction will begin this month on infrastructure to support next spring's dredging of contaminated sediment from the passaic river in the ironbound section of newark.

we're planning a mid-september event to highlight this project and i'll keep you apprised as the details emerge.

in the meantime, if you have any questions, please contact me -- thanks!

here's a link to an on-line project fact sheet.....

<http://passaic.sharepointspace.com/Public%20Documents/Removal%20Ph%201%20Start%206-11%20Factsheet.pdf>

and attached is the latest construction timeline update.....
